Civ. Action No. 1:16-cv-00256-DBH

CONSENT DECREE

I. BACKGROUND

A. The United States of America (“United States”), by the Attorney General, on behalf of the United States Department of the Interior (“DOI”) and the United States Department of Commerce, National Oceanic and Atmospheric Administration (“NOAA”), and the State of Maine, on behalf of the Department of Environmental Protection (“DEP”), Department of Agriculture, Conservation and Forestry (“DACF”), Department of Inland Fisheries and Wildlife (“DIFW”) and Department of Marine Resources (“DMR”) (collectively, “Plaintiffs”), have filed a Complaint against Chevron U.S.A. Inc., Texaco Inc., Chevron Environmental Management Co., Cumberland Farms, Inc., and Gulf Oil Limited Partnership in this Court.

B. Plaintiffs allege that the Defendants are liable to the United States and the State under Section 1002(a) and (b) of the Oil Pollution Act of 1990 (“OPA”), 33 U.S.C. § 2702 (a) and (b), and to the State under the Maine Oil Discharge Prevention and Pollution Control Law (“Oil Law”), 38 M.R.S. § 552(2), for damages for injury to, destruction of, loss of, or loss of use of, Natural Resources, including the reasonable cost of assessing the damages, resulting from discharges of oil that occurred starting at least as early as the 1970s at the former Chevron and Texaco marine oil terminal facilities located, respectively, at 799 and 809 Main Road North in Hampden, Maine (the “Oil Discharges”).

C. The State of Maine (“State” or “Maine”) is a Co-Plaintiff and has joined the Complaint on behalf of the DEP, DACF, DIFW and DMR against the Defendants in this Court alleging that the Defendants are liable to the State under Section 1002(a) and (b) of OPA, 33 U.S.C. § 2702 (a) and (b), and Section 38 M.R.S. § 552(2) of the Oil Law, for damages for injury

to, destruction of, loss of, or loss of use of, Natural Resources, including the reasonable costs of assessing the damages, and the costs of preparing and implementing a natural resources restoration plan, resulting from the Oil Discharges. On September 5, 2012, Maine Governor Paul R. LePage designated the Commissioner of the DEP as the lead trustee to act on behalf of the public for natural resources of the State, and designated DACF, DIFW, and DMR as co-trustees with the DEP for such resources.

D. The Complaint alleges that: (1) the Oil Discharges caused injury to, destruction of, loss of, or loss of use of, Natural Resources belonging to, managed by, held in trust by, appertaining to, or otherwise controlled by the United States and the State, or other Natural Resources for which the State may seek damages pursuant to the Oil Law; and (2) the United States and the State have incurred costs in assessing the nature and extent of these injuries.

E. The United States and the State share trusteeship of the Natural Resources alleged in the Complaint to be injured and are coordinating assessment and restoration efforts.

F. The Parties agree, and this Court finds, that settlement of this matter without further litigation is in the public interest and that the entry of this Consent Decree is the most appropriate means of resolving the claims alleged in Plaintiffs' Complaint.

G. The Parties agree and this Court, by entering this Consent Decree, finds that: (1) this Consent Decree has been negotiated by the Parties in good faith; (2) settlement of this matter will avoid prolonged and complicated litigation; and (3) this Consent Decree is fair, reasonable, and consistent with the goals of the applicable statutes.

H. The Defendants do not admit any liability arising out of the transactions or occurrences alleged in this action.

NOW, THEREFORE it is Adjudged, Ordered and Decreed:

II. JURISDICTION

1. The Parties agree and this Court concludes that it has jurisdiction over the subject matter of this action pursuant to Section 1017(b) of OPA, 33 U.S.C. § 2717(b), and 28 U.S.C. §§ 1331 and 1345. This Court has, and the Defendants consent to, the Court's personal jurisdiction over them in connection with this action. Notwithstanding any other provision of this Consent Decree, the United States and the State reserve the right to institute proceedings against the Defendants in this action or in a new action seeking recovery of Natural Resource Damages based on:

i. conditions caused by the Oil Discharges, unknown by the Trustees as of the date of the lodging of this Consent Decree, that cause new or additional injury to, destruction of, loss of, or loss of use of such Natural Resources; or

ii. information received by the Trustees after the date of lodging of this Consent Decree indicating that the Oil Discharges have resulted in new or significant additional injury to, destruction of, loss of, or loss of use of, such Natural Resources which injury is of a type that was unknown or a magnitude greater than was known by the Trustees as of the date of lodging of this Consent Decree.

IX. COVENANT BY THE DEFENDANTS
